The Missouri Prairie Foundation and its Grow Native! program provide the Grow Native! Resource Guide as a convenience to gardeners, landowners, and landscape professionals and enthusiasts. It is the responsibility of the consumer to check the references of, negotiate fees with, and make all arrangements with those listed in this Resource Guide. The Missouri Prairie Foundation and its Grow Native! program accept no responsibility for products and services rendered.

# Definitions of Native Plant Products and Services

**Seeds:** Seeds of native plants for landscaping, forage, wildlife habitat, and other purposes

**Plants:** Potted plants, ready for planting, growing in small to large containers; may be nursery inventory or custom grown

**Plugs:** Plants, ready for planting, growing in small cells of various sizes

**Shrubs & Trees:** Woody plants ready to be planted—bare rooted seedlings, trees or shrubs in pots, or larger trees and shrubs dug from field production

**Land Care & Landscape Services:** Planting, establishment, and/or care of landscapes for homes, businesses, public places, and other small areas

**Landscape Architects:** Individuals who are licensed and accredited by state governments to plan landscapes in outdoor public areas, landmarks, and gardens of various sizes

**Landscape Designers:** Individuals who plan landscapes, usually residential and commercial gardens

**Arborists:** Individuals who plant, care for, and maintain individual or small numbers of trees

**Forest Management:** Evaluates forests and timber stands, creates management plans, and sometimes implements management plans

**Wildlife Habitat & Ecological Services:** Provides resource management and/or maintenance, usually for larger tracts of land

**Education:** Provides native plant specialists for educational events, organizes seminars/workshops, owns/maintains places to see native plants in gardens, restorations, and natural areas, and/or provides educational materials

**Institutional Supporter:** An institution that supports the promotion of native plants, such as a botanical institution, a non-profit organization, an educational institution, or a community

**Related Products & Services:** Products and services related to native plants and their uses, including erosion control, stormwater management, revegetation products, and compost.

**A native plant education and marketing program of the Missouri Prairie Foundation**

**Native plants are adapted to our climate and soils. They furnish vital food and habitat for birds, butterflies, pollinators, and other wildlife species. They provide edibles for people and high quality forage for livestock. Native plants offer sustainable solutions for environmental landscape challenges.**

Visit [www.grownative.org](http://www.grownative.org) for a sortable native plant database, landscape design ideas, detailed resource guide for locating native plants and landscape services, and much more.

The Grow Native! program serves the lower Midwest including Missouri, eastern Kansas, southern Illinois, and northern Arkansas.

**Questions?** Call 888-843-6739 or write to [grownative@moprairie.com](mailto:grownative@moprairie.com). For more information about the Missouri Prairie Foundation, visit [www.moprairie.org](http://www.moprairie.org).
